Prologue

(BTW the picture above is Buttercup.)

Buttercup was always a lonely but very adorable and cute girl. She didn't have friends, family, not even a cousin to look after her. Her mother died from Cancer and her father abandoned her when she was 10. The reason Butttercup never had friends is because she was very shy and quiet all the time, but she's a very kind, sweet, caring, and innocent. She always puts everyone else first before her. Buttercup had to survive on her own. Which was tough.

She always thought her life will never change; it would probably always be dark, cruel, cold, sad, and lonely world for her.

But today had changed for her.

She recently wandered into a scary, dark, and cold forest one night. She got lost and started to panic. She tried her best to find her way out but ended up getting chased deeper into the forest by a mysterious creature. Buttercup was terrified for her life! She knew it would be no use to call for help the only option was to **RUN** . She was getting tired but knew if she stopped she would die. She ran as fast as she can to get away from the mysterious beast that wanted her life.

Buttercup tripped and hit her head on a rock, knocking her unconscious. The beast started to slowly walk to her, getting ready to pounce on her and tear her to pieces, but the creature was scared off by a white cloud forming around Buttercup. The cloud carried her to the sky away from the horrible forest.

Where a bright light shines on her taking her to a place *over the hills and far away Where* mysterious creatures *come to play* .

The sun giggles and shines so bright.

It even fights off the scary night.

(Like the poem? XD)

The cloud sets Buttercups unconscious form gently on the grass. 4 mysterious figures towers over Buttercups unconscious body. Whispers are heard. One of the creatures picked up Buttercup bridal style and carries her to a hill with a door.

The other 3 figures follow. They all entered in and closed the door. The figure carrying Buttercup gently sets her down on a bed. The second figure bandages up Buttercups Head. The Two other figures brought a bowl full of pink substance and set it down on the bed.

Whispers could be heard again. The 4 figures backed away giving her room to breathe and rest. They waited patiently for Buttercup to wake up.

Buttercup's life got better...Right?

Okay Buttercup did not die she just got teleported to a land. So I want your opinion on it so far. Did you like it? Do I need to fix any grammar mistakes I made? My spelling anything. Hope you enjoyed. See yha in Chapter 1!!! ;)

Chapter 1: Who are you?

'This' = thoughts

"This"=Speaking obviusely

(authors note)

Third person POV:

Buttercup moves a little. She slowly wakes up with a spliting head ache.

"O-Ow. Wh...Where am I?" She asked.

She notice 4 creatures standing in front of her.

(This is what they look like. Art by me! Which one is your favorite. Mine is Po cause she's so cute!) Buttercup gets scared.

"W-Who are you?" Buttercup asked shyly.

"I-I'm Tinky Winky." The purple one said looking and sounding nervous.

"I'm Dipsy!" The green one said with a happy face.

"I'm Laa Laa!" The yellow one said with an excited expression.

"And I'm Po!" The red one said with a joyful mood.

"We're the Teletubbies!" They all said.

Buttercups POV:

'Teletubbies? That sounds familiar.' I thought to myself.

I hear sucking and slurping noises beside me. I turn to see a vacume cleaner.

"That's Noo Noo!" Dipsy said.

"H-How did I get here?" I asked.

"We found you unconsuse on the grass." La La said.

"I c-carried you here." Tinky Winky said.

"I bandaged up your head." Dipsy said.

"We both brought you the bowl of custard." Laa Laa and Po said.

I look at the bowl. The bowl was light blue with pink custard in it.

I was to shy to pick it up.

"Aren't you gonna grab it?" Dipsy asked me.

"I-I feel to nervous." I said.

"Do you need help?" Po asked me.

I nod my head.

Laa Laa comes close to the bed and hands me the custard.

"T-Thank you Laa Laa." I said.

"Your welcome!!!" Laa Laa said.

I tasted the custard and it tasted sweet. It was sweet like strawberrries. When i got done eating the custard and set my bowl down.

"T-Thank you." I said.

"So what's your name?" Po asked me.

"O-Oh, I'm Buttercup." I said.

I thought I saw Tinky Winky blushing but I probably just imagined it.(look at the picture again)

Tinky Winkys POV:

'She's so cute and she's named after a flower. She's so adorable! What is this new emotion I'm feeling?' I thought to myself.

I saw Buttercup trying to get out of bed. She looks like she needs help. I was about to offer her help, but Dipsy beat me to it.

"Hey do you need help?" Dipsy asked her.

"O-Oh yes please." She said.

When Dipsy helped Buttercup up she tripped and fell into Dipsys arms.

"I-I'm sorry! I di-"

"No that's ok. I'm kinda sure your a little dizzy." Dipsy said.

When Buttercup looked at Po, I saw Dipsy blushing.

'Wait does Dipsy feel the same about Buttercup!?' I thought to myself.

I looked at Dipsy. I was full of rage. I saw Dipsy hugging Buttercup! I started to glare daggers at Dipsy.

Dipsys POV:

Buttercup is so cute! And I love her warmness. She makes my heart beat fast. I wanted to feel her warmness a little longer.

"Hey Buttercup do you wanna hug?" I asked her.

"A-A hug? I never got that before." She said shyly.

'I'm gonna give her her first hug!' I thought to myself.

I gave her a big hug. She just felt so warm like a campfire. I felt someone glareing daggers at me. I look around and see Tinky Winky looking angry. (Look who's jelly)

Po(s) POV:

I always had a crush on Tinky Winky. But Buttercup changed that. She makes me feel strange. (if you don't like girls liking girls then don't read this!) I know she's a girl, but can we like the same gender?

I saw Buttercup break away from Dipsys hug.

"I-I should probbaly get going." Buttercup said about to walk out the door.

Laa Laa (s) POV:

I rush over to Buttercup and hugged her.

"NOOO please don't leave! We want you to stay!" I cried.

"B-But I don't want to be a bother." She said.

I don't want Buttercup to leave. I want her to stay! She's very pretty!

Buttercups POV:

I felt a set of arms wrap around my leg. I look down and see Po hugging my leg.

'Aww Po is so small!!!!!" I thought to myself.

"Please stay! We promise that we will keep you happy! We never seen one of your kind in person before." Po said.

"I-I don't know." I said.

"PLEASE??" Laa Laa and Po said with cute puppy dog eyes.

'Oh No! My weakness!' I thought to myself.

"O-Okay, I'll stay." I said.

"Yay!!!!!!" Laa Laa and Po said with happy faces.

I feel two more sets or arms wrapped around me. I look to see That Tinky Winky and Dipsy had joined the hug.

"You are gonna love it here!" Dipsy said.

"I'm glad you're staying!" Tinky Winky said.

"I'm a little nervous Tinky." I said.

"You only said half of my name!" Tinky laughed.

"Well it's faster to call you Tinky." (Cause I don't want to keep writing Tinky Winky) I said.

Noo Noo(s) POV:

She seems nice.

"Hey Noo Noo, can you come here?" I hear Buttercup say.

I go over to her. She gives me a hug. If I had a mouth I would smile.

"Noo Noo are you excited I'm staying here. I barely made messes when I lived with my parents." She said to me.

I guess that won't add me extra work. I wonder if this could work.

I'm sorry I took so long to update. I just keep distracting myself. So I hope you enjoyed. See yha bye!

I won't be able to updat

I won't be able to update for a few days. Let's hope I can update soon

I'm back!!!!😚😁

Waz up everyone! I'm sorry it took so long! But I'm excited to try to write the story.

Chapter 2: Tinky Winky is gone!

Third person POV:

It's been about 2 years since Buttercup arrived and stayed. She turned 18. She hasn't told the teletubbies her birthday, even though they kept asking what day was her birth. Buttercup is always nice. She enjoyed playing ball with Laa Laa, watching Po ride her scooter, wearing Dipsys hat sometimes when she asked him, looking at the flowers and rabbits with Tinky Winky, and sometimes talking to Noo Noo. She'd sometimes make everyone Tubby Custard. She would always think it was funny when they yelled "Tubby Custard!". She enjoyed staying with the Teletubbies. She hopes things will never change. But one day Laa Laa was feeling down cause she had a nightmare and something bad happened to her friends. So Po made everyone Tubby Custard. After everyone ate Tubby Custard they went to bed.

Po POV:

I wake up and see Tinky Winky in front of the Custard Machine. Tinky Winky broke the Custard Machine.

"Tinky Winky, what are you doing?" I asked.

"....." Tinky Winky didn't respond.

I see Tinky Winky walk outside into the night.

"Hey, where are you going?" I asked.

I start to wake up everyone.

"Guys! Tinky Winky broke the Custard Machine and just left!" I said.

"O-Oh no! Don't worry Po, I'll help you find Tinky!" Buttercup said.

"I'll help too!" Laa Laa said.

"I'll stay here just in case he comes back here.zzzzzzzzzz" Dipsy said.

Buttercup quickly gets out of bed and gets her clothes on. Me, Laa Laa and Buttercup grab torches (flashlights) and go outside to search for Tinky Winky.

"Tinky Winky! Where are you!?" I call out into the night.

"T-Tinky! Please come back!" Buttercup called out.

"Tinky Winky!" Laa Laa yelled.

We came across two paths.

"We should split up." I said.

"I'll go check by the lake." Laa Laa said.

"I'll stay right here just in case. I'll call y'all when I see him." Buttercup said.

"Then I guess I'm going to the meadow." I said.

Me and Laa Laa go separate ways while Buttercup stayed behind.

Buttercups POV:

As I see Laa Laa and Po disappear into the darkness I started to get cold. I rub my hands together to make them warm. After awhile I started to hear footsteps all around me.

"T-Tinky? Is that you?" I asked.

I get no response.

"T-Tinky, if this is a j-joke it's not funny!" I said.

I still get no response. I started to shake in both fear and being cold.

"Tinky. Please come out! Your scaring me!" I said.

I started to panic.

"Po! La-" I feel a pain at the back of my head.

I fall down onto the ground everything slowly going black. Before everything went black I see two purple feet walk in front of me.

"T-T....Tin...Tinky?" I said before falling unconscious.

Po POV:

I thought I heard Buttercup call my name but I guess I imagined it. I find a tree and a Custard in front of it.

"Tubby Custard, what is that doing here? Tinky Winky isn't here. Guess I better go check if Laa Laa has found Tinky Winky." I said to myself.

I walk to the lake and see Tinky Winky back facing me.

"Tinky Winky...?" I said.

I look away from Tinky Winky and see Laa Laa on the ground bleeding and not moving.

"Wh...What happened to Laa Laa...?" I asked.

I look worriedly at Tinky Winky.

"Are you okay...?" I asked.

Tinky Winky quickly turns around and starts to scream at me with a terrifying face.

"Oh God!" I said running away.

I ran as quickly as I can.

"He's chasing me! I better get to the house quickly!" I said.

When I was running to the house I see Buttercup on the ground with her head bleeding.

"Buttercup!? Are you okay!? Wake up!" I said trying to get Buttercup up.

"J...Just...run...I-I'll be...al..." she said before falling unconscious.

I heard Tinky Winky screams getting closer.

"I'll come back for you I promise." I said before running.

I use a short cut to get to the house faster. When I arrived at the house I was horrified to see Dipsy headless on the ground. I felt like I was gonna vomit.

(I'm not gonna type the whole thing so watch this YouTube video.) [There should be a GIF or video here. Update the app now to see it.]

Chapter 3: Why is Tinky acting like this!?

Update: Okay i added the picture and add a few things on here. Enjoy!
Update 2: I added a tiny bit more details maybe smutty sorry!
Update 3: I add some stuff
Okay so some things in here may be a little weird and kinda smutty. Cause why not. It's not a lemon but it is a little smutty.

So if you don't want to read thin look for this sign:
⚠😱❕WARNING❕😱⚠
When you see this that means it's over:
😑😩OVER😩😑
Ok onto the chapter.

Buttercups POV:
I felt movement. I slowly open my eyes to see that I'm being carried over someones shoulder. I try to say something, but I couldn't. I felt a horrible pain in my head. It felt like I got hit in the head by a rock or something.I try moving, but I was only able to move a little. But the small movement got the persons attention...

or Teletubbies attention.

"Hmm...Look who's finally up sleepyhead." I hear a familiar voice say.

"T...Tinky?" I managed to say.

"The one and only." Tinky said.

"Wh...What...h-happend?" I asked trying to ignore the pain in my head.

"I killed Dipsy, Laa Laa, and Po." I hear Tinky said. I could hear a evil chuckle come from him.

When I heard the news I immediately shot my head up in fear causing my head to throb in pain. I tried to not wimper. I felt my head. It was bandged up.

"A-Are you gonna k-kill me?" I asked showing fear in my voice.

"No, I love you to much to kill you." Tinky said in a soothing voice.

"Y-You do?" I said feeling my cheeks heat up.

"Of course, but I can still hurt you If you don't obey me, I fell in love with you ever since I saw you." Tinky said.

I felt hands wrap around my waist. I was lifted off of Tinkys sholders and placed on the ground. I tried to look at Tinkys face but he quickly grabbed my wrist and turned around. He started to pull me along with him.

"You know I was always to nervouse to tell you "I Love you", to nervouse to confess my love to you, but I..." Tinky paused for a second.

I felt his grip tighting around my wrist. Tight enough to cause pain and some blood to drip, but I just ignored it.

"didn't like Dipsy near you. Always giving you flirty looks when you weren't looking, always asking for god dam hugs, and always giving my that **FUCKING** smirk when ever he was hugging you right **FUCKING** in front of me! He knew I love you and I got so sick and **FUCKING** tired of it." Tinky spat.

Tinky noticed he was hurting me, so he losen his grip a little. We walked into the house. I was horrifed to see Dipsy decapitated. Tinky lets go of my wrist and put his hands on my cheeks, Tinkys hands felt cold and smelled like blood. He makes me face him.

"I get to have you all to myself now~" Tinky said.

I was horrified and scared to see Tinkys apperence. His skin was paler, his nose looked human, his eyes were pitch black, and he has sharp teeth.

(okay i made them better)

I hear Tinky chuckle.

"You look so cute when your scared." Tinky said.

I started to feel uncomfortable. I tried to make a run for it, but Tinky was to fast. He quickly grabbed both of my wrist and pinned me to the wall.

"That's a bad girl you shouldn't run from me~" Tinky said.

"P-Please let go." I said.

"God I love your voice so sweet, kind, soft, and innocent. Your even very cute and adorable. Sometimes I feel like I can't control myself." Tinky said.

"Wh-What do you mean?" I asked.

"God, I can't hold myself back any longer!" Tinky said.

⚠😱❕❗❕😱⚠WARNING❗❕😱⚠

I felt something pressed against my lips. My eyes widen to see Tinky kissing me on the lips. Tinky pulled away.

"I've been waiting to do that for a long time~" Tinky said.

He gently presses his lips onto mine again. I didn't like this I wanted to collapse onto the ground and hide. Tinky started to poke his tongue at my lips. I was confused.

"Open your mouth." Tinky said.

I was confused why he wanted me to open my mouth.

"Why d-" I felt something slip inside my mouth.

I realized Tinky had his tongue in my mouth. Tinky pulls away to breathe. He was about to kiss me again but I protested.

"Tinky! Please stop! I don't like this!" I cried.

"Okay~" Tinky said.

Tinky moves to my neck and uses his teeth to pull down the turtleneck(?) on my sweater. He started to give me gentle kisses on my neck. I gasped at this action.

"T-Tinky! What are y-"

"Shhh...Don't worry I'll be gentle." Tinky whispers in my ear.

I felt chills go up my spine. I felt him lick my neck a few times.

"T-Tinky..." I said feeling my face warm up.

Then he started to nibble at my neck. I was feeling weird. Like I want him to stop but I want him to keep going.

'Why do I feel like this!?' I thought to myself.

"T-Tinky can you please st-" I gasped feeling him bite my neck.

"Do you love that~" Tinky asked me

I shake my head no.

"You'll learn to love it." Tinky said to me.

Tinky licked my neck again, then started nibbling it.

I let out a strange noise.(It's a moan😣😞)

"Awww that was very cute." Tinky said in a strange tone.

He started to suck on my neck. The small noise slipped between my lips.

I felt him rubbing my thigh. My leg twitch from this.

😑😩OVER😩😑

'Why? Why is Tinky acting like this?' I thought to myself.

I noticed that Tinky stopped sucking my neck. I look at Tinky. He was looking out the door like someone was out there.

"Hey Sweetheart you should get to bed. I have to see if Noo Noo is out there." Tinky said.

I forgot about Noo Noo! Tinky lets go of my wrist and carries me to bed.

"Goodnight sweetheart." Tinky said giving me a kiss before leaving and closing the door.

When I couldn't hear Tinkys footsteps anymore, I quickly got out of bed and ran to the front door. I tried to open the door but it wouldn't budge.

'I gets he locked the door so I won't escape.' I thought to myself.

I look at the slide. I sigh.

"Tinky Winky, Dipsy, La La, Po, Noo Noo, I'm sorry. I wish I could've helped you more." I said.

I climbed up the slide nearly slipping 4 times, but I made it up. I climb off the teletubbies house and ran. I wanted to find Noo Noo so Tinky Winky doesn't kill him. I found a tree with a custard. When I looked up in the tree I felt my heart break. Po was hanging by a noose in the tree. I fell to my knees.

"N-No. No! NO! She was so young!" I scream on the verge of tears.

I felt a hand on my shoulder. *To be continued...*

Chapter 4: This isn't you!

Hey sorry for taking so long to update. lots of stuff to do. I hope you enjoy!

Keys:

Bold =Yelling

Italic =Wispering

(Underline)=Authors notes

??? POV:

'Finally found another custard. 6 down 2 to go.' I thought to myself.

When I was walking I started to hear crying.

'That can't be Tinky Winky. He screams not cry. Wait! Could someone be alive!? I better go find them before Tinky Winky does!' I thought to myself while following the crying.

The crying got closer. I started to walk slowly so I don't scare whoever it was crying. I finally saw Buttercup that was living with the teletubbies. I didn't tell the other scientists because they will do experiments on her. I was wondering why she was crying, until I looked in the tree.

I saw Po hanging by a noose, with blood dripping from her eyes and her screen on her stomach cracked.

" *Oh Po...I'm so sorry.* " I said.

I slowly approached Buttercup and placed my hand on her sholder. When I did I felt a stinging sensation on my cheek. I fell backwards onto my butt.

"St-Stay back T-Tinky! D-Don't touch m-me!" she said while she turned around when she slapped me across my face.

"N-No! It's okay! I'm not Tinky Winky!" I said.

Buttercups POV:

I got a closer look at the Teletubby. He has white fur, wearing Dipsys hat and holding a camera.

I was glad he wasn't Tinky, but then felt bad for slapping him. I help him up.

"I'm sorry for slapping you uh..."

"Walten, but others call me Guardian." he said to me.

"Well, sorry again Walten (Guardian)(if you prefer this name) for slapping you I was just..."I said tearing up.

I felt arms wrap around me. I look up and saw Walten(Guardian) hugging me. I felt my cheeks get warm. I bury my face into his chest so he wouldn't see me blushing. I wrap my arms around him tightly.

"It's okay, I know your scared." he said.

"Wait, Walten (Guardian) how come I never sceen you before?" I asked him.

"Well, uhh..." Walten (Guardian) said.

Walten (Guardian) explained me everything.

"Wow so that's why I had the feeling of being watched." I said.

"heh...yha." Walten (Guardian) said blushing from embaressment.

"Oh also don't eat the custard something is wrong with it!" Walten (Guardian) said.

"I ate it before we went to bed!" I said.

"I'm...I'm sure you'll be fine. Come on let's go we need to collect the rest of the custards so nothing can eat them." Walten (Guardian) said while picking up the bowl of custard.

"O-Okay." I said while following him.

Me and Walten (Guardian) walked to find the last custard. I wanted to ask him why this was happening, but he might not know. In the distance I see a bowl of custard. I grabbed Walten(Guardian)s hand and started to run towards the custard.

I felt Walten (Guardian) pull me back and pushed me behind him. I was about to ask him why he did that, until...

"Sweetheart?" I hear a familiar voice I was afraid of.

There was silence between all of us. But Tinky broke the silence.

"Buttercup, come here." Tinky said.

I didn't move.

"Buttercup. Come. Here. Now." Tinky said in a demanding tone.

I shake my head no.

" **BUTTERCUP! GET OVER HERE NOW! YOU BELONG TO ME!** " Tinky said in a demanding voice.

I was about to walk towards him in fear but Walten (Guardian) stopped me.

"No she doesn't! Tinky Winky this isn't you! Snap out of it!" Walten (Guardian) said.

Tinky growled and ate the custard. Purple smoke started to appear around Tinky. He transformed into a Tinky Tank.

"Run!" Walten (Guardian) said.

I ran with him. I didn't know if I was going back with Tinky if he catches us. But I don't want to go back to Tinky.

...to be continued

I hope you enjoyed that took longer than I expected. So see yha.

Chapter 5: The Cave Entrance

Third Person POV:

Walten (Guardian) and Buttercup ran away from Tinky Tank. Both were terrified. Walten (Guardian) didn't know weather to go to the caves or the mountains. Walten (Guardian) told Buttercup to go to the caves. Buttercup nodded and followed Walten (Guardian). Buttercup tried to hold back tears so she could be able to see. She almost started to cry.

Buttercup wanted everything to go back to normal. She wanted Tinky Winky, Dipsy, Laa Laa, Po, and Noo Noo back. She wanted to look at the flowers and rabbits with Tinky Winky, wear Dipsys hat, play ball with Laa Laa, watch Po ride her scooter, and talking to Noo Noo again. She wanted to look at her friends. She wanted to look at her friends with their friendly faces smiling at her again, not Tinky Winkys horrifying face, Dipsy headless on the ground, and Po hanging by a noose with her eyes bleeding. Buttercup prayed that Laa Laa was alive, but Buttercup didn't know La La was dead from getting her eyes scratched out. Buttercup wanted everything to be the same again...

She just wanted her friends back.

Buttercups POV:

I was starting to get tired. My legs burned, my lungs hurt, I was breathing heavily, and I felt like I was gonna vomit from running so much. I looked behind us and saw that Tinky Tank was far trying to run faster.

I wasn't looking where I was going and tripped on a tree root hitting my arm on another tree root. I hissed and looked at my arm. I knew I was gonna have a bruise the next day. I tried to get up on my feet, but fell down.

My legs were burning in pain and I felt out of breath. Walten (Guardian) noticed and rushed over to me.

"Come on! Get up! We have to keep going!" Walten (Guardian) said concerned and worried.

I nod my head and tried to get up again, but only fell back down. I felt the same burning pain in my legs.

"I-I can't go on! I'm to t-tired! Please save yourself! My legs hurt. Pl-Please go!" I begged Walten (Guardian).

"N-No! I can't just leave you here! You don't know what he could do to you!" Walten (Guardian) protested.

"T-There's noting you can do. Just g-go." I said sadly.

Walten (Guardian) thought to himself then looked at me. He gave me a determined face.

"Maybe there is." Walten (Guardian) said.

I gave him a confused look. I felt Walten (Guardian) help me to my feet. I wobble and fell backwards. I expected the impact to the ground, but I didn't feel it. I realized Walten (Guardian) caught me.

Walten (Guardian) picked me up bridal style and started to run.

"W-Walten (G-Guardian) stop! Your gonna get tired!" I protested.

"Buttercup I don't want to leave you behind. I..." Walten (Guardian) paused.

I swear I could see some blush appear on his cheeks.

"You... what?" I asked confused.

Walten (Guardian) looked away from me.

"I-I'll tell you when we're safe." Walten (Guardian) said.

I sigh. We had to climb over the rocks. My legs still hurt a little, but I don't want Walten (Guardian) to carry me and getting tired. I decided to lie that I was okay walking. Walten (Guardian) sets me down.

"Walten (Guardian) you go first. I promise I'll be behind you." I said.

Walten (Guardian) looks at me. He looks like he was trying to hold in a laugh.

"No, ladies first." Walten (Guardian) said taking if his hat and doing a gentleman pose.

Walten (Guardian) burst out laughing while I giggled. Our laugh was cut short hearing Tinky Tanks scream getting close. We both look at each other with wide eyes. We started to climb over the rocks. We finally arrived at the cave entrance. We both take a deep breath.

"Ready?" Walten (Guardian) asked me.

"Ready." I said.

To be continued...

Sorry it took so long to update. Wrote the story but got distracted.

Chapter 6: The Cave

Third Person POV:

As Walten (Guardian) and Buttercup walk into the cave they could hear Tinky Tanks horrifing screams.

https://youtu.be/5PAaYZUQj_I

The darkness consume both Walten (Guardian) and Buttercup. Buttercup was scared.

Walten (Guardian)s POV:

I pull out my night vision camera to light the way. I felt something gently grab my hand. I look at my hand and saw Buttercup was holding my hand. I blushed at her action. I was lucky it was dark cause she couldn't see me blush.

We kept walking until we came across a page. I picked it up and read it aloud.

"Day 1, Today I decided to write a jornal to tell my adventures with the bestest friends ever! These coat mean brought us papers and crayons to draw what we want and we drew the best friend trio! They are my only but Best friends and i will love them." I read aloud.

I hear Buttercup say aw. I smile and contunued.

"I hear coat men, I must hide the journal they will punish me with electricity if they...find out." I said.

Me and Buttercup were shocked. I placed the paper back down and pulled Buttercup along with me.

"We need to get to the other side of this cave it will lead to the outskirts." I said.

Buttercup nodded. We continue to walk around until we came across a pit.

"There is no way we can jump across that." I said pulling Buttercup away from the pit.

It was quite. Until Buttercup broke the silence.

"I-I can't believe Tinky turned into a monster." Buttercup said looking down.

I wanted to say something to her but couldn't think of anything. We found another paper. I read it aloud.

"Day 22, They didn't find our about the journal, but I don't know how long I can hide it, they almost find it last time. Anyway, testing has been painful lately they made me..." I couldn't read the rest the bottom was torn off.

When we were walking we heard a horrfing roar.

(Play audio)

https://youtu.be/dNGTaMesJSI

Buttercup hugged me tight.

"Wh-What was that?" Buttercup asked me with terror in her voice.

"I-I don't know, but we should be careful." I said to her.

We continue walking until we found a wooden pillar.

' I'm surprised this cave hasn't collapsed yet...' I thought to myself.

We continue to walk forward until I heard Buttercup scream. I looked behind us and saw a deformed monster behind us.

It did it's horrifying roar.

https://youtu.be/dNGTaMesJSI

I pull Buttercup along with me.

"What is that thing!?" I said as me and Buttercup ran for our lives.

I could hear the monsters breathing.

https://youtu.be/OvqOCLJKwxM

We found a wooden door and quickly running inside closeing it. Buttercup was holding onto me tightly and shaking. I knew this was to much for her to handle, but I have to get her away from here. I hugged her.

"It's okay...Shhhh. Were gonna get out. Just calm down." I wispered to her.

She eventually calmed down. We continue to walk until we made it to a dead end. We hid. I found another paper I showed it to Buttercup.

I placed it back down. We got up and started to walk taking a few turns, until we came across the pit again finding another note.

"Stop ripping my journal!" I read.

We turn back around. I could hear the breathing getting closer.

https://youtu.be/OvqOCLJKwxM

We then heard the horrifying roar.

https://youtu.be/dNGTaMesJSI

We both turned around and ran. We came across the pit. We had no choice but to jump. We both jumped on over to the other side. I needed to get Buttercup out of here! Another paper on the ground.

"Day 54, They found my journal and ripped it apart. 22 days thrown to the trash. In other news 53 has been feeling sick! He feels awful, but the coat men won't help! I wonder when will they give us real names..." I read aloud. I didn't like what I was reading and I don't think Buttercup likes what she was hearing.

I found a paper ripped in two.

"HERE THEY COME... HELP THEY SAW MY JOURNAL." I read.

This was horrible to read.

We walked around more trying to find light. We walk through another wooden door. I felt Buttercup stop.

"I want to stop." She said with a tired and scared voice.

I turned around and place my hands on her warm cheeks.

"Please, just a little further..." I begged her.

She thinks to herself and nodds. We continue on finding another paper.

"Day ?????????, What day is it? They're gone ******* turned into a monster! ******* Ran away and I'm might not see him ever again I miss them. Oh good, what is happenin-RUN- what has happened her?!" I read aloud.

Buttercup was starting to tear up. I give her a quick hug then pulled her along. After walking we heard the roar in front of us.

https://youtu.be/dNGTaMesJSI

"Not again!" I said.

We quickly turned around and ran. We first went right, right again, straight forward and right. But it was a dead end. We quickly turned back around and ran. I saw the monster charging at us. I quickly pulled Buttercup to the right with me. We went right, forward, right again, right still, then left, and right.

There was a down I turned around and saw the monster. I quickly picked up Buttercup bridal style and jumped down.

"Finally the exit!" I said with a happy face.

We both ran out feeling the warm sun rays shine on us.

To be continued...

Chapter 7: Fear

Hey my Little Teletubby Readers! I just want to say real quick that they will meet a new friend in the next chapter. So I hope you enjoy! sorry for not updating. On to the chapter! Here's some music for you to listen to while you read. If you are on the computer you can choose your own music to listen to. And we all obviously know I don't own this music.

Warning: Horrible gore and details. If you are sensitive to it then find this to skip it:

😳😨 **GORE ALERT!!!!** 😨😳

When you see this it's the end of the gore:

😯 **Gore over** 😯

Third person POV:

Walten(Guardian) sets Buttercup down so she can run. Something very strange happend to Buttercup. She started to see flashes of her friends before every thing went to hell and whats happening now.

Buttercups POV:

😳😨 **GORE ALERT!!!!** 😨😳

I saw flashes of me and all my friends. First, me and Tinky were watching the beautiful flowers bloom and the rabbits hop. The sun felt warm on my skin and the soft breeze blows by me. I saw Tinky turn into a monster with razor sharp teeth evilly grining at me, his pale skin that's cold to the touch, and his cold dark voids where his friendly brown eyes use to be stareing into mine.

It then, flashes to me and Dipsy playing inside the house. I was wearing his hat while he smiled. I then see Tinky behind Dipsy, quickly grabbing his head and ripping it off. Dipsys warm blood spray onto me. I felt my heart stop, seeing this.

Tinky was covered in Dipsys blood. He again looks at me in my deep pink eyes. He grins at me, his grin seemed even more evil. He then make his hand(?) curve into a fist with his thumb up that was coverd in Dipsys blood. He then takes his thumb close to his mouth and licks Dipsys blood off his thumb. I felt like throwing up seeing him do this.

It then flashes again, to me and Laa Laa playing with her ball. We were having so much fun playing ball. The sun was shining so bright. When I caught the ball I heard Laa Laa yelp. I look to see what's happening. I saw Tinky holding Laa Laa down by her neck. She looked scared and afraid.

She then looks at me and says "Please...help me." with tears in her eyes.

I tried to go to her but I couldn't move. I tried to say something to her, but nothing comes out. I couldn't do anything but watch in horror as Tinky sratches Laa Laa's eyes out. I wanted to tell Tinky to stop and try to help Laa Laa, but I couldn't move or talk. I just had to watch. I could hear her painful screams and crying. Begging for Tinky to stop. But he just keeped going ignoring her pleds.

Laa Laa's screams eventualy stopped. I felt myself tearing up seeing Laa Laa lifeless on the ground. Her eyes scratched out and covered in blood. Tinky looks at me once again. His grin even more evil than ever. I heard his evil laugh.

It flashes one more time, to me and Po. I was watching Po ride her scooter around. She was having fun while I cheered. I then, see Tinky run towards Po and punches her in the face, knocking her off her scooter. I saw her nose

bleed. Tinky then starts to violently punch and beat her. He punched her so hard in her stomach that her screen cracked making a cracking noise.

I could hear Po's painful cries and screams. I tried to move, but couldn't. I still couldn't speak either. I look at Po. Her tears stream down her face and blood come out of her beautiful brown eyes. She tries to say something, but Tinky violently pulls her up holding rope. He ties it into a noose and puts it around Po's neck. Everything went black for 2 minutes until I heard a snap.

Everything comes back and I see Po in the tree not moving. I felt warm tears stream down my face. Feeling everything fall apart in my heart. (That rhymes wow. ._.) I see Tinky in front of me holding a knife at my chest. I closed my eyes waited for the horrible pain of the cold knife to get plunged into my chest, but I never felt it. I open one of my eyes and see Tinky standing there.

😯 **Gore over** 😯

He said "I won't kill you, because I want you alive." I felt my heart beat fast in fear.

"I won't hurt you either if you do as I say." he said in a dark tone.

I could move, but not talk still. I look at him and shake my head no. He gives me an angry look and his face became very deformed and horrifying.

The flashes went away and I collapsed onto the ground. I cut my knee on a rock make crimson red blood slowly drip, but I didn't care right now. I just wanted to stop.

" **I DON'T WANT TO KEEP GOING!!!** " I cried.

Walten (Guardian) rushes over to me.

Walten (Guardian)s POV:

I didn't want to leave her behind.

"B-But we have to! We have to keep going!" I said to her with worry in my voice.

Buttercup quickly shakes her head no. I gently grabbed her and pulled her up. She started to struggle in my grip.

"No! Stop! Let me go! I can't go on!" She cried while hitting my chest.

Her hits we're kind of gentle. She wanted to get me to let go, but she also didn't want to hurt me. I quickly pull her in a tight hug, tight enough to keep her from running, but gentle enough to not hurt her fragile form and enough to make her feel safe. She continues to struggle.

I could feel her warm tears drop on to my dirty, messy fur. I felt bad that this happened to her friends and her. I know she has a innocent soul, and a innocent soul shouldn't have to go through this.

She finally stopped struggling. I slowly unwrap my arms around her. When I finally unwrapped them she quickly sprinted pass me.

"Buttercup, wait!" I said while quickly turning around.

She ignores me and continues to run. I run after her. I run past some blood on the ground. I knew that wasn't a good sign. (We obviously know that's not her blood)

I kept running until I made it to a wall. I looked up and saw it was climbable. I realized that she could've climbed up and continue to run. I started to panic. I hear familiar crying. I follow it and found Buttercup behind a rock. I kneel down to her.

"Please Buttercup. I know your tired, I'm tired to but we have to keep going. When we climb up there we will stop and rest. Okay?" I said to her.

She looks at me and nods. We both climb up. When we made it to the cliff part, we saw a shadow figure with horns standing over us. We both closed our eyes.

Chapter 8: New Friend

Okay so I hope you will enjoy this chapter. Sorry it took so long to update. Also I don't own the music.

Let's get onto the story my little Teletubby Readers!

Third person POV:

Both Buttercup and Walten (Guardian) closed their eyes and waited to be either pushed of the cliff to plummet to their deaths or get pulled up to a unimaginable death, but it never came. Walten and Buttercup both slowly open their eyes. The misterious figure was offering a hand to them.

Walten (Guardian) and Buttercup were confused.

"H-Hurry grab my hand! Be-Before you two fall!" The figure said sounding shy and worried.

First Buttercup grabbed the figures and and get's pulled up. Then both Buttercup and the figure helped Walten (Guardian) up.

"Thank you for helping up up!" Walten (Guardian) said.

"N-No problem. O-Oh! I'm Crystal." said Crystal.

Crystal had all blue clothing except for her red scarf, shoes and black socks. Her eyes sparkle in the sun.

"It's nice to meet you Crystal. I'm Buttercup and he's Walten (Guardian)." Buttercup said pointing to Walten (Guardian).

"I-It's nice to m-meet you too." Crystal said.

Walten (Guardian)s POV:

'Crystal? There was another human here!? Oh no!" I thought to myself.

I then walk over to Crystal. I start to wonder if they did experiments on her.

"Hey how come we never seen you around here?" I asked her.

Crystal then looks down sadly. She then starts to tear up.

"I'm sorry if you don-"

"They did experiments on me it was horrible!" She said while crying.

"What kind of experiments?" Buttercup asked worried.

She explained how they hooked her up to a machine and start to take data on her, and started to take blood from her. She also explained that she heard them doing horrible test on three other teletubbies.

One of them had a cross on them. She also heard that one of the scientist ripped up one of the teletubbys journal. She heard the teletubby screaming "STOP RIPPING MY JOURNAL!".

She then explained that the scientist we're giving her strange chemicals to try. They weren't painful but they made her body feel weird. She then explain that she escaped the lab after a monster attacked the scientist. She almost got caught but made it out.

I come over and gave her a hug. Buttercup then joins in. Crystal was shaking so much. Me and Buttercup both felt bad for her. We break the hug and explain what happened. Crystal was shocked too hear about Tinky Winky killing everyone, except sparing Buttercup for an unknown reason.

I did try asking Buttercup what he did to her but she didn't want to explain what happened. I guess looking back at the memory I guess Tinky Winky wanted Buttercup for himself. He must've done something to make her feel uncomfortable.

"Hey Crystal you should come with us. It's to dangerous to be by yourself." I said to her.

She looks at me with sparkles in her eyes.

"R-Really? I-I-I don't want to be a bother." Crystal said.

"Of course! We can't just leave you behind!!" Buttercup said with a determine look.

Crystal then gives us a shy smile. Her shy smile makes my heart feel warm. And when her eyes sparkled my cheeks got warm. She is s- Wait a minute I just met her! I think I like two girls.

"But we will have to rest for the night, I promised Buttercup that we would rest." I said to Crystal.

Crystal gave me a nod. I then created a fire to keep us warm. Buttercup and Crystal were shaking. They both were cold. I then started to blush at what I am about to do. I got in the middle of Crystal and Buttercup and wrapped my arms around them. Both of them felt nice and warm.

They stopped shaking and scootched a little closer to me. I felt my cheeks heat up on my face. I felt both of them bury their faces in my chest, which caused my cheeks to heat up more. Both of them were finally asleep. I looked at the stars and sighed. My eyes started to get heavy. Until I eventually fell asleep.

To be continued...

Again sorry for taking so long to update my *Little Teletubbie Readers* . I hope you enjoyed. And Crystal what do you think? Is it good? Okay hope to see you in the next chapter my *Little Teletubbie Readers* . **Tubby Custard** !

Chapter 9: Dark Tubby

Okay so this chapter will have some of the characters in dream Land. So I hope you enjoy! I don't own the music. Okay on to the chapter!

Keys:

Italic=Wispers

Bold=Yelling

Third Person POV:

As Crystal, Buttercup, and Walten (Guardian) were sleeping under the stars. A strange figure appears from the darkness. It makes its way over to them. It starts to look at Crystal and Buttercup. It decided to go to Crystal first. It turns into a black mist and goes into Crystals forehead and disappears.

Crystals POV/Dream:

I was just enjoying a walk with my new friends. Walten (Guardian) and Buttercup. The sun shines on my face. It felt so nice and warm. The nice cooling breeze blows by me and through my hair. I then see Walten (Guardian) walk on over to me.

We both start to talk. Until I see a mistletoe hanging over us. I saw that it was tied to a fishing pole. I look over and see Buttercup with a playful smerky smile. I stick my tongue out at her.

Buttercup POV/Traveled in Crystal dream:

I was just exploring Crystals dream. Yes I can travel in dreams. Why would I travel in dreams cause I like to see what people dream about and being

mischievous. I was just talking to Dream Walten (Guardian). I then told him to go and talk to Crystal for a second.

When he finally got over to her I made a fishing pole appear with a mistletoe tied to it. I then positioned it over Crystal and Walten (Guardian). Crystal then looks over to me. I give her a playful smerky smile and she sticks her tongue out at me.

Crystals POV/Dream:

All of a sudden Walten (Guardian) gives me a kiss on the lips! I look over to Buttercup and see her squealing in excitement. I just roll my eyes but I was blushing.

Buttercup POV/Traveled in Crystal dream:

When Walten (Guardian) kissed Crystal I squealed in excitement. I was really happy that it happened. I then leave her dream and go into my own.

Crystals POV/Dream:

After Walten (Guardian) stops kissing me I heard something in my ear.

" *Hello Crystal.* " I heard a creepy voice say.

I turn around to see who said that but saw noone. When I looked back at Walten (Guardian), he was gone. I look over to Buttercup. She quickly runs to me, but then something grabs her and throws her into the air.

When she landed onto the ground she disappears into black smoke. I got so scared I started to back away. I felt something grab my arm and pull me towards them. I tried to get out of it's grip but couldn't. The grip felt like a teletubbies hand. It also felt cold.

When I finally got pulled closer to the mysterious figure. I felt a hand grab my chin and made me face it. I was very scared at the appearance of the figure. It was all black, with no eyes, scary sharp teeth with crimson red blood dripping from it, a glowing white screen on its belly, a antenna that

has a sideways rectangle with the middle side part missing a smaller rectangle, and it was very tall. Taller than the average teleytubby.

(Will add picture later)

It gave me a creepy bloody smile. I felt my heart beat fast in fear. I tried to get away from its grip again but couldn't. It just kept staring at me with it's eyeless face. I started to feel warm tears drip down my face.

(Brace yourself Crystal it's about to get weird and creepy. Please forgive me. 😨😂😟😣😔 <_>💧>~<)

"Hehe. Your so cute when you cry." It said in a creepy voice.

I felt shivers go down my spine. I finally got out of it's grip and ran. I then noticed that I wasn't outside. I was in a dark place with the floor all checker bord like. I then ran into the figure falling backwards. I thought I was gonna hit the cold tile ground, but something grabbed my hand.

I look and see the figure. It then pulls me towards it's chest. It's fur felt rough and cold. I then felt it put one of it's hands on my waist. I started to shake in fear.

"Don't be scared. I won't hurt you." It said in a deformed creepy voice.

"I'm here to tell you to keep an eye on your friend Buttercup. I'm also here to tell you that they will find out eventually." It said in it's deformed voice. It's voice got even more deformed when it said the last sentence.

"Wh-Why?" I asked in a shakey voice.

"I won't tell you why to keep an eye on Buttercup, but I will tell you that you new friends won't expect you because your half DEMON." It said.

"Your lying! They would never turn against me!" I screamed.

It then gives me a smile with blood dripping from it. I started to get quite.

"Aww is little tough demon to scared?" It laughed.

"Wh... Who are you?" I asked.

"I'm Shadow Tubby." He said getting ***TOO*** close to my face.

I felt my cheeks get warm. He breaths his cold breath in my face. I was really scared of this guy. Shadow Tubby then chuckles.

"I'd love to stay and chat more, but I have to pay a visit with Buttercup. I have something very special planned for her. See you again Cupcake." Shadow Tubby said before giving me a kiss on the lips and disappearing into black smoke.

I was shocked that he kissed me! And it some how felt SO REAL! I was left their confused and frozen.

Buttercup POV/Dream:

Warning: Probably Gory!

I finally arrived at my own dream. I was playing with Tinky, Dipsy, La La, Po, Noo Noo, Crystal, and Walten (Guardian). I then hear something in my ear.

" *Hello Buttercup.* "

All of a sudden it got very dark. It got so dark I couldn't see my hands. It then got less dark. I was now in a strange place with the floor checker like.

I then felt something pin me against the wall by my neck. The hand felt cold. I tried to get the hand to let go of my neck but it was too strong. I felt warm tears drip down my face. I look to see a black eyeless teletubby with blood dripping from its mouth. It was evily smiling at me.

"Ngh...Who-Who...guh...are y-you?" I asked trying to speak.

"I'm Shadow Tubby. And I'm here to make your dreams and life a living hell and nightmare." He said in a glitching and deformed voice.

He then throws me onto the ground hard. When my arm hit the floor it hurted so bad. I then got up and ran, but I was grabbed by my arm. I was

then pulled into the air and slammed onto the ground with my back. I gasped in horrible pain.

I then see Shadow Tubby towering over me. He then grabs me by my sweater and pulled me up close to his face.

"You know it's cute that you are so weak!" He said evily.

He then throws me into the wall very hard then fell onto the floor. I felt warm liquid drip down my head. I then touch it and looked. It was blood. Shadow Tubby then walks on over to me and grab my sweater and pull me up.

He then places his hand on my forehead and wipe a little of my blood on his hand. He then licks it off his hand making me feel sick.

"That tastes sweet. What's wrong am I making you feel uncomfortable?" He laughed evily at the last part.

He then drop kick me in the stomach making me cough up blood. I landed on to the ground with a thud. I felt to weak to stand up.

Shadow Tubby POV:

I was having alot of fun beating Buttercup. I slowly walk towards her. She try crawling away. When I was about to kick her into the wall, a bright deep pink light shines from Buttercup. I got blinded for a second. When the light faded away. I looked and was shocked.

I saw a deep pink female Teletubbie with a pink sweater, glasses, freckles, pale face, purple bow and heart shaped antenna on it's head. I walked close and realized it was Buttercup.

'Well this is gonna be interesting' I thought to myself.

Buttercup POV/Dream:

I get up and looked at my hands. They were Teletubbie like. I then felt something grab the back of my sweater and pull me up. I saw Shadow Tubby looking at me odd. He started to look at me from top to bottom. I started to wiggle to get out of his grip.

I felt his hand on my hip. I let out a small squeak. I hear him chuckle at my reaction. I grabbed his wrist with both of my hands trying to get him to let go. He then grabs both of my wrists with the hand he used to grab my hip.

He then uses his other hand to let go of my sweater and grab my other hip. He then sinks his nails into my hip(don't ask how he got nails I just wanted to make it less boring). I let out a small yelp. I hear a chuckle come from him. I started to feel warm liquid drip from my hip.

Shadow Tubby then remove his nails from my hip. He then comes close to my ear and said.

" *Brace yourself cause this is gonna hurt ALOT.* " He said with his cold breath.

It send shivers down my spine. I then felt a horrible pain in my neck. I realized he sunk his teeth in. I started to scream in pain. I only felt his teeth sink deeper. I started to feel alot of blood pour down my neck. Warm tears streamed down my face. Shadow Tubby sunk his teeth even more deep into my neck. I was starting to feel weak.

He then stopped sinking his teeth. I felt him pull his teeth out of my neck and throw me onto the ground. I could barely move. He then put both of his hands on my shoulders and sunk his nails again. I screamed in horrible pain.

Buttercup POV:

I jolted awake breathing heavily. I felt a hand place on my shoulder. I hissed in pain. I turn around to see Walten (Guardian) looking at me with wide eyes.

"What's wrong?" I asked.

"Y-You look like a teletubby." Walten (Guardian) said.

I was confused. Until I looked at my hands. I was excited but scared. I look at my side and saw a bruise on my hip where Shadow Tubby sunk his nails in. I also felt my neck. i pulled my turtle neck down and I saw a huge bruise on my neck.

(I can't make bruise)

" **What happened to your neck!?** " Walten (Guardian) asked horrified.

He was so loud that he woke up Crystal.

"What happened!?" Crystal said scared.

Walten (Guardian) POV:

I was amazed and confused to see that Buttercup was now a Teleytubby and I was horrified to see a huge purple and blue bruise on her neck. I tried to ask Buttercup what happened but she was too scared to tell me. She seems pretty and she did say that she wants to be a Teleytubby.

Buttercup seems to want to go.

To be continued...

Chapter 10: Quiet

I hope you will enjoy this story! In this chapter I'm typing on an iPad 😁

!!⚠ **WARNING** ⚠!! **:This chapter contains foul language!(sorry I didn't put it in the other chapters with cuss words)**
When you see this small little emoji that means it's the bad words:
Italic=whispering
Bold=Yelling
Third person POV:

It was dawn that Buttercup woke everyone up. Buttercup wanted to get going to keep herself awake. Crystal puts out the fire with her water bottle that she had in her backpack. The water colliding with the fire made a sizzling noise. When the fires light died down, they spotted the satellite station in the distance.

Walten (Guardian), Crystal, and Buttercup were glad that their journey was almost over. They walked through the lifeless wasteland towards a ruin. Crystal spotted a bowl of delicious Tubby Custard, but Crystal didn't forget about what Walten (Guardian) told her about them. She just picked it up and gave it to Walten (Guardian).

"Thank you. We should look around this area for more custards before something eats them." Walten (Guardian) said.

After walking a few steps to another custard, Walten (Guardian) eyes widen to see Laa Laa terribly mutated. Her arms and legs were stretched out, her feet hat toes that were twisted and tangled, she looked skinny and she has 5 fingers on both hands.

Laa Laa was shaking so violently that it looked impossible for someone to shake like that. It almost looks like she might break her neck shaking like that.

" *Oh no. Laa Laa's here... Tinky Winky scratched out her eyes she can't see us. But she can still hear us, we need to be quiet.* " Walten (Guardian) said quietly.

Buttercups POV:

I felt my heart shatter even more pieces. I wanted to run over and give Laa Laa a hug, but she might kill me.(#LaaLaaWantsAHug! 😆) I don't think Laa Laa would even recognize me even if she could see. I felt myself about to cry, but I held back the tears.

I told Crystal and Walten (Guardian) that we should split up to find the custards, so it could be faster. Crystal and Walten (Guardian) both give me worried looks. I told them it'll be fine. Crystal suggested that one of us should have a partner. I got excited on the inside.

" *Crystal! You should partner up with Walten (Guardian)!* " I said with stars in my eyes.( )

Crystal and Walten (Guardian) look at me in confusion.

" *Why were their stars in your eyes?* " Crystal asked me in confusion.(😐)

" *It's a special talent I can do with my eyes, but let's just hurry and get out of here! I don't wanna see Laa Laa like this anymore. It's making me sad.* " I whispered quietly.(😔)

While Walten (Guardian) and Crystal walked off to find the rest of the custards I just quietly followed Laa Laa around like a lost puppy.( ) After a few hours of following Laa Laa around I was still sad. I followed her to some old pillars that looked unstable. If she were to bump into the pillars they would collapse onto her.

Laa Laa was now just standing their. When I looked past her I saw she was blocking The only exit. I just only stared at her. I really wanted to give her a

hug. I started to tear up. I slowly walk over to her. I almost didn't care at this point if she killed me. I just wanted to hug Laa Laa like I did before.

I reached out to touch her,until my hand stopped. I felt it starting to shake and warm tears drip down my cheeks. I couldn't give her a hug. I tried to back away from her, but as soon as I put one foot behind me I stepped on a stick making a snapping noise. I felt my heart sink.

Laa Laa quickly turned around and gave out the most horrifying roar I have ever hear.
Warning! Ear rape!

[There should be a GIF or video here. Update the app now to see it.]

I ended up falling backwards onto my bottom while letting out a yelp.

Walten (Guardian)s POV:

After a few hours we found all the custards without Laa Laa catching us. We then heard the most horrifying roar followed by a yelp. Me and Crystal looked at each other with wide eyes to realize that Laa Laa must have heard Buttercup make a noise.

(Infected) Laa Laa(s) POV:

I was just walking around trying to find something or someone to kill. After a few hours of searching I just stopped and just stood there enjoying the sounds of the wind blowing by. I then heard a snap behind me. I quickly turned around and gave out a roar. I hear a small yelp.

The sound was in front of me. I was getting ready to kill who or what ever it was. Until I heard a familiar voice.

"L-Laa Laa! Please d-don't!" The voice caused me to stop.

The voice sounded shy, soft, and scared. I realized who it was.

"B-Butter?" I asked.

"Yes...It's me Laa Laa." She said sounding calm and happy that I recognized her.

Even though I'm blind I could tell that she was smiling with tears streaming down her face. I pick her up and gave her a hug. She gave me a hug back. Butter some how felt furry.

"B-Butter, why do you feel furry?" I asked concerned.

"Laa Laa you might not believe me, but I'm a teletubby now." Butter said.

I actually do believe her. Blood tears started to drip down my face.

"Laa Laa what's wrong?" Butter asked with worry in her voice.

"I-I just wish I could see what you look like." I said crying while putting her down breaking the hug.

I then her something behind me. I wanted to protect Butter. I quickly turn around and attack what ever was behind me. I then heard crumbling over me.

"Laa Laa! The pillars!!!" Butter screamed.

I realized I was in some old ruin, I then also realized that Butter could get crushed!!

"Butter, I'm sorry..." I said before pushing Butter away from me.

I then felt something really heavy and hard landed on my chest. I let out a roar. I tried to remove the pillar but it was to heavy.

" **LAA LAA!!!!!!** " I heard Butter scream.

Buttercups POV:

When Laa Laa pushed me I got some scratches and wounds. I heard Laa Laa(s) roar. I look and see Laa Laa pinned under the old pillar.

" **LAA LAA!!!!!!** " I screamed.

I quickly get up not caring about the pain I was feeling. I ran over to her still not caring about the scratches and bleeding wounds Laa Laa gave me. I then heard Walten (Guardian) telling me to stop, but I didn't want to listen.

"Laa Laa are you okay!?" I asked with tears coming down my face.

"I'm fine! I'm just stuck under this pillar." Laa Laa said.

Walten (Guardian) then wraps his arms around my torso trying to pull me away from Laa Laa.

"No! Let me Go!" I cried.

" **LET GO OF BUTTER YOU ASSHOLE!!!!!** " Laa Laa roared.

"Please! She's still there!" I cried.

"Buttercup! I'm sorry...but it's too late for Laa Laa. We can't help her." Walten (Guardian) said.

I roughly pushed Walten (Guardian) away from me.

"THEN WHAT THE FUCK ARE WE SUPPOSE TO DO!? WE CAN'T JUST FUCKING LEAVE LAA LAA THERE!!!" I screamed.

"She can't come with us Buttercup. If the military see her. They'll kill her." Walten (Guardian) said calmly.

"I FEEL SO GOD DAM AWFUL ABOUT CALLING TINKY A FUCKING MONSTER! I DIDN'T KNOW THE CUSTARDS CAUSED THIS! **I DIDN'T KNOW I WAS GONNA LOSE MY FRIENDS FOREVER!!!!!!** " I screamed letting the tears stream down like a waterfall.

I looked at Walten (Guardian), Crystal, and Laa Laa. They all had wide eyes.

"B-Buttercup I'm-" I interrupted Walten (Guardian).

"N-No I'm sorry... I just really love my friends. They are very special to me and I just don't want to lose them. I just want to help Laa Laa." I said looking down.

"Buttercup the only thing that we could do to help Laa Laa is to give her mercy." Walten (Guardian) said.

I nod my head. Walten (Guardian) then grabs a big rock getting ready to give Laa Laa mercy.

"Wait! I wanna give Laa Laa something before you do it." I said.

"Go on ahead. I know you want to at least say goodbye to one of your friends." Walten (Guardian) said with a soft voice.

I walk on over to Laa Laa and give her a hug.

"It's okay Laa Laa...I-It'll be over soon." I said tearing up.

I really wanted to tell Laa Laa how I felt.

"I always thought of you like a mother to me. I Love you Laa Laa." I said giving her one last hug.

"I always thought of you like a daughter and so did Po. I wish I called you my Daughter. I Love you too Butter." Laa Laa said with a smile and blood rolling down her cheeks.

"I wished I called you mom." I said crying.

Crystal than hugs me keeping me from seeing. I then hear a splat. I started to cry.

"Butter..." I hear Laa Laa(s) voice say.

[There should be a GIF or video here. Update the app now to see it.]

(I don't own the music. Please play this music for Laa Laa.)

I then see a faint glow coming from Laa Laa(s) deceased body. I turn my head and look at Laa Laa(s) soul floating in front of me with her brown eyes back to normal. A halo was floating over her head with beautiful white wings behind her.( )

(Doesn't she look cute!! <:3)

"Butter you look so cute. I'm gonna miss you. Sweetie." Laa Laa said with tears pouring down her face.

I run over to Laa Laa(s) soul and gave her a hug. I let my tears stream down again.

"P-Please don't leave Mother Laa Laa. I don't want you to leave." I said crying.

"Butter, I don't want to leave you either, but we'll have to move on eventually. If you stay in the past you'll never move on into the future." Laa Laa said in a soothing voice.

"I-I'll miss you!! Please don't go!!!" I cried hugging Laa Laa tight afraid if I let her go she would disappear away from me.

"Walten (Guardian) and Crystal please take care of Butter. She's precious to me and my friends." Laa Laa said.

Laa Laa looks at me with a smile.

"Goodbye Butter. We'll meet again one day." Laa Laa said disappearing from my arms.

"N-No wait don't go!" I said as Laa Laa fully disappear from me.

I quickly hugged Walten (Guardian) tight I cried in his shoulder. Walten (Guardian) then pats my back. He then picks me up bridal style and carries me to the satellite station. I eventually fell asleep in his arms.

Walten (Guardian) POV:

"At last we're here...This is the entrance to the satellite station. Hmm...How do we get in?" I asked.

We walked closer to it.

"The satellite station goes all the way trough these mountains. I wonder how we can open this door." I said looking around.

Crystal found some levers on the side. I told her that she has to try to get all the levers flipped. After a while she finally got all the levers flipped making the door open. We walk into the building. I carry Buttercup in with me and Crystal.

To be continued...

I do not own this video.
R.I.P Laa Laa

So do you wanna ask the slendytubbies, Buttercup, Crystal (?)(if she wants to) and me questions if you do tell me "I wanna ask questions!" I will get working on a chapter for you to ask your questions and we answer you questions. (I might just work on it right now)

CrystalDH215
I decided to change the story but I will still keep this part.

I felt my heart breaking once again.(💔) I then give Laa Laa a kiss on the lips. (I'm sorry just let it happen Buttercup {might} never see Laa Laa again. She feels like Laa Laa might love her that much. Buttercup is fine with it.) I look at the corner of my eye and see Walten (Guardian) looking away with a blush on his face and Crystal just standing their with stars in her eyes. ( )

Chapter 11: So much Death

Okay here's chapter 11. Wow it looks like this book could be almost over. I worked so hard on this my pinky hurts from writing it. I really hope you enjoy. On to the story! I'm sorry i took so long to update! So tired...

Third Person POV:

As Walten (Guardian) and Crystal walk through the quiet and dark hall, their footsteps make tiny clank noises on the cold metal floor. Buttercup sleeps peacefully in Walten(Guardian)s arms. She burys her face in Walten (Guardian)s chest. She could hear his breathing and heart beats. It soothed her into more sleep. She dreams about her friends including Crystal and Walten (Guardian), laying on the grass looking at the clouds in the sky. She smiles in her sleep, while Walten (Guardian) gave out a small sigh.

Crystal then starts to shake in fear. Walten (Guardian) noticed Crystal shaking. He realized she was scared. Walten (Guardian) gently shakes Buttercup waking her up from sleep.

"Buttercup, you should start walking just encase we need to run." Walten (Guardian) said.

Buttercup nods with tired eyes. He sets her down and takes her hand. He then takes Crystals hand. Crystal gives him a shy smile, while Buttercup gives him a tired smile. Walten (Guardian) notices a blue teletubby laying on the ground. The teletubby was female. They saw her laying on the ground with a pool of crimson red blood surrounding her body.

"Oh no..." Walten (Guardian) said.

They walk closer taking a closer look at her face. She was cold. Walten (Guardian) knew she was dead.

" *She's gone...* " Walten (Guardian) said.

Walten (Guardian) spots a not by her body.

"It reads:"Get out before it's to late."" Walten (Guardian) read.

'What happened here?' Walten (Guardian) thought to himself.

Walten (Guardian) pulls Crystal and Buttercup away from the poor souls body. They continue to walk down the eerie quite and dark hall. They spotted a red laser on the ground.

"We should take turns jumping over it." Walten (Guardian) said.

Both Buttercup and Crystal agree. They let go of each others hand and take turns jumping over the laser. Walten (Guardian) offered to hold their hands again. Crystal nodded her head while Buttercup shook her head no. They walk ahead spotting another dead teletubby. They were blue too. This one seemed to be especially dead. They were missing an eye and their entrails were hanging out of their stomach.

'What could do that to sombody?' Walten (Guardian) thought to himself.

Buttercup felt sick to her stomach, while Crystal buried her face in Walten (Guardian)s chest. She gets her warm tears on his fur. He didn't mind it, he knew this was horrible to see. They continue to walk spotting another teletubby which was also blue laying on their back dead.

They started to walk in something wet. They look down to see that they were walking in a huge pool of crimson red blood. Walten (Guardian) and Crystal both look at each other with wide eyes. Buttercup started to feel even more sick to her stomach.

Buttercups POV:

When I saw that I was walking in a huge pool of crimson red blood, it made my stomach feel horrible. I then, felt something come up from my stomach and half way up my throat. I quickly ran to a corner and started to vomit onto the floor. It hurt so bad that I thought my stomach would rip.

Walten (Guardian) and Crystal quickly ran over to me and asked me if I was alright. I tried to say something, but ended up pushing then away from me because I felt myself about to vomit again and I didn't want them to get any on them. I finally felt my stomach settling.

"B-Buttercup, are you okay?" Crystal asked me worried.

"Y-Yes, that was just too much for my st-stomach to handle." I said.

We walk through another hall.

cough cough

We heard someone coughing. We followed whoever coughed. We found a blue teletubby sitting on a box. He had a black eye and he was covered in some blood.

"A-Are you okay?" I asked worried.

"Pain, so much pain..." He said weakly.

This looked horrible.

"Please you have to help us..." He said still sounding weak.

"What happened here?" asked Crystal.

"It all happened so fast. This monster came into the station and began to kill everyone. It was green and carried a chainsaw. But worst of all it had no head, yet it was still alive." He said sounding scared at the last part.

I realized he was talking about Dipsy!

"I've never seen anything like it. It was horrifying. Everyone began to panic, I hid as best I could but it found me. It attacked me but I managed to escape, though I can barely move. I'm in a lot of pain. They're all dead." He said looking down.

I then gave him a gentle hug not to cause him pain. Crystal joined in the hug. I could hear a shaky breath come from him. He hugs us back and breaks the hug.

"Who are you?" Walten (Guardian) asked.

"My name is Ron, I work here...We all work here. I'm the engineer for this facility." Ron said.

"We're so sorry." Walten (Guardian) said.

"Listen, you guys need to contact the military and tell them what happened. You can send a distress signal from the secret center. Once they receive it, they'll come and help. You'll probably need a key card to get into the center." Ron said.

"Where can we find one?" I asked.

"I think another member of staff had a centre keycard on the other side of this door. Someone locked the door in an attempt to trap the monster inside. You can get to the other side by crawling through the air vents next to you. That's how I got here. Be careful though that thing is still here." Ron said.

"We'll be back." Walten (Guardian) said.

I decided to stay with Ron to keep him company. Walten (Guardian) and Crystal both nodded and told call for them if there's trouble. I gave them a nod and let them crawl through. I sit down next to Ron.

"Your willing to stay here by me?...Why?" Ron asked weakly.

"Well... it's because we both have something in common, we've both been through a lot and we both need comfort." I said to him.

Ron gave me a weak smile. I scoot closer to his side and gave him another gentle hug. I hear him give out a relived sigh. I felt him wrap his arms around me. I though I heard a small gasp come from him, but I wasn't sure. I was slowly falling asleep until I felt Ron shaking me.

Third Person POV:

When Ron wrapped his arms around Buttercup, he started to see a strange vision about her which caused him to give out a quiet gasp. He started to realize something special about her. That she needed to be protected.

But why?(if you guess the answer I'll give a shout out about you and I might add you into book 2) Ron's POV:

I started to see that she was slowly starting to fall asleep. I started to hear something coming this way.

Buttercups POV:

I felt Ron starting to shake me. I look at Ron and see that he looked really scared.

"Ron, what's wrong?" I asked him.

"The monster is here! You need to go now! Before it comes!" Ron said with panic in his voice.

"R-Ron I ca-can't leave you here!" I said.

"Please go! Your *too important to lose* !" Ron said with begging eyes.

'What did he mean that I was *too important to lose* ?' I thought to myself.

"Please go before it's too late!" Ron said ushering me to the air vent.

Ron called Crystal and Walten (Guardian) over to come and get me. They pull me through the vents and we were about to go into another hall until we stopped hearing a chainsaw reaving and Ron's pleads.

"No...Please No!" Ron said with terror in his voice.

"AGGGGHHHHH!" Ron screamed with the sounds of a chainsaw ripping flesh and muscle.

I hugged Crystal and Walten (Guardian) tight. We walk down a hall spotting a severed arm. We then spot Laa Laa standing there. When we got closer...

She disappeared.

We all looked at each other in shock.

"We're losing our minds..." Walten (Guardian) said.

We then turn right.

"Eh oh...!"

We heard Tinky Winky say. When we saw him. When we got closer to him...

He disappeared too.

We continue forward spotting Po. She didn't say anything. When we got closer to her she disappeared. When we turned right I felt like crying.

"Come play with us!" Po said

We see Laa Laa, Tinky Winky, and Po with Laa Laa's ball. When we got closer to them they disappeared. When we looked to the left and spot a dead body with their entrails hanging out. We spot the key card. Walten (Guardian) grabs it.

"Alright, this is the key card to the secret center...We'll be able to contact the military from there...We should head back to the vents." Walten (Guardian) said.

We crawl through the vents. When we did it was horrible. Their was blood...everywhere. Both of Ron's arms were cut off and his head too.

"Oh God, so much death..." Walten (Guardian) whispered.

We crawled out of the vent and hurried, walking over the pool of blood. We then see Dipsy looking normal until it flashes to Dipsy headless and holding a bloody chainsaw. We started to run for our lives. I was the furthest behind. I tripped then fell down while the others didn't noticed.(Notice me Senpai! XD)

'One of us would have to be sacrificed to protect others eventually.' I thought to myself.

I see Dipsy behind me. I prepare for my painful death that was gonna come to me. But it never came. Why? I look up and see Dipsy kneeling down to me offering his hand. Kind as always. I take his hand and he helps me up. I give him a hug just Incase he was only gonna trick me and not remember me. I hear him set his chainsaw down and wrap his arms around me. He quickly pulls away picking up the chainsaw and pushing me into the room he came from then ran after Walten (Guardian) and Crystal.

I started to run after Dipsy trying to stop him. But he was almost to fast for me to catch up. I see that Walten (Guardian) and Crystal had jumped over the red laser, while Dipsy just ran into it cause it to explode. Dipsy fell onto the ground no longer moving. I was a little to close and ended up getting blasted into a metal wall. I felt a little bit of blood dripping down my head.

Walten (Guardian) picks up the chainsaw.

"Hmm...this might come in handy." Walten (Guardian) said.

They then rush over to me and helped me up. We then go to the secret center and Walten (Guardian) uses the key card to open the door. I run down fast I just wanted to leave with my friends.

"Slow down Buttercup." Crystal said.

When I can down I saw one of those weird speaker things. I think their called Announcers.

"What on earth...?" Walten (Guardian) said.

I then see Noo Noo roll in.

"Noo Noo?" I said.

"... ... ..." Noo Noo said nothing.

"What are you doing here?" Walten (Guardian) asked.

"I'm making them better, making things better." Noo Noo said.

"Wh...What do you mean?" Crystal asked.

"I Infected the custard, I made them better." Noo Noo said.

"You...You did this...?" I asked trying not to believe what I was hearing.

"Yes. I did." Noo Noo said.

"Change them back!" I yelled as Crystal was holding me back.

"That is impossible, who they used to be is gone forever." Noo Noo said.

I now realized that my friends only temporarily knew me. They would've eventually kill me. My legs started to feel weak. I fell onto my knees and felt tears rolling down my cheeks. I'll never see them again.

"When one consumes the infected custard they die hours later. The consumer then reawakens anew, but no longer living, eternally undead. Reborn, the consumer no longer feels emotions, their empty inside. With only one desire, to kill the living and make them become reborn. Over time, the consumer will begin to mutate. They may become stronger, taller, faster and may even grow new limbs to kill prey. This is the way teletubbies should be." Noo Noo said.
(Buttercup: Noo Noo you talk to much...
Noo Noo: become reborn!
Buttercup:😔
Me and Crystal:can we get back to the story!?😑
Noo Noo and Buttercup: sorry
Me:thank you)

"Bu-Bu...But why, Noo Noo?" I asked looking into his soul less eyes.

"The machines are making mistakes when creating teletubbies. They are making them weak, teletubbies have limited minds and their emotions are a weakness. They are limiting them from true greatness, I am removing these limits. That is why I Infected the custards to make them better. I even had to turn you into a teletubby after you arrived here. I did it when you were sleeping, but I didn't realize that it would take so long. So I had to wait, and when I couldn't wait anymore I just went along with my plan. I knew the infected custard wouldn't reborn you stronger as a human. This was only made for teletubbies. It would only make you weaker then you are now. So I just wait for Tinky Winky to bring you to me so I could lock you up and wait till you transformed into a teletubby so I could make you part of my army, but you escaped and now a cute teletubby. Now you can join my army. I see a true great potential in you as a reborn teletubby. What do you say Butterscotch?" Noo Noo said.

(I know it just got weird 😫☹️😱)

Both Crystal and Walten (Guardian) look at me worried like I would choose Noo Noo over them cause he said "how great I am."(she's being sarcastic about being great) "It would be a cold day in hell that I would join you and don't call me that!" I yelled.

"You won't get away with this Noo Noo!" Walten (Guardian) said.

"I already have." Noo Noo said.

I hated Noo Noo but I still cared about him. He was my friend...

"From here I've hacked into the central artificial intelligence mainframe. I control machines now, I control everything. Like the rest of the living, it's time for you to die. Butterscotch you have one more chance to join me." Noo Noo said.

"Over my dead body!" I yelled.

"Your dead body it is. When the job is done I will infect your corpse and you'll be part of my army forever. Farewell Guardian and Crystal..." Noo Noo said leaving.

The Announcer bursts from the floor with weapons on it.

"Weapons system: Online." The Announcer said.

It spots Walten (Guardian), Crystal and me.

"Target acquired, engaging in combat mode..." it said getting ready to fight.

"I'm not afraid..." Walten (Guardian) said with a angry determined look.

Crystals POV:

I was so scared but I didn't want Walten (Guardian) to fight alone.

Third person POV:

Crystal takes her headband off revealing real horns having the headband only hiding theses amazing horns. She then pushes her hair out of her eye revealing a crimson red demon eye. A red twinkle comes out of her eye. She pulls down her scarf down revealing sharp white teeth. Crystal gave a look of determination. She was ready to fight the Announcer. Walten (Guardian) stood their amazed by her transformation.

(Will add picture later)

Walten screams in pain.

The Announcer was about to shoot him. I quickly sprinted towards him and jumped onto him. The bullets shot over us. We both get up ready to fight again. I quickly sprinted toward it and kicked its gun off. The Announcer then grabbed a giant buzz saw and charged at us. We both quickly dodged the buzz saw.

Buttercups POV:
I slowly wake up seeing my friends fighting. I realized they could die. I quickly get up and charged at the Announcer kicking it hard. It hit the wall and got angry. It tried to hit me with it's buzz saw but I kept dodging it's attacks. I didn't even felt tired at all. But I ended up slipping and falling backwards onto the ground.

The Announcer then hits my arm with it's buzz saw. I screamed in pain. Crystal then destroys the Announcer and helps me up.

"Buttercup that was very dangerous! But I'm glad your not badly hurt" Walten said hugging me.

We go to the computer and contacted the military...

I hope you enjoyed my Little Teletubby Readers!!! Sorry it took so long.

Vote on the Endings you want to see first

Okay I want all You Teletubby Readers to vote on which ending you want to see. There will be endings that will lead to other books being made to continue the story and some endings will just lead to the book ending.
I won't tell you which endings will lead to new books being made to continue the story and which endings will just end the book. I'll write the first one that gets voted more and the rest so choose the endings wisely because it's gonna take long Evil Ending- Evil Guardian **Votes: 2**

Regretful Ending- Crawler Tubby **Votes: 0**

Bad Ending - Guardian killed **Votes: 0**

Good Ending-(???) **Votes: 3**

Here are some helpful tips for me to read your story: 1. Slendytubbies x shy reader.

2. Make all the characters love the reader(even the girls if u want) 3. Use (h/c)=hair color, (h/l)=hair length, (s/c)=skin color, (f/o)=favorite outfit etc.

4. Make the reader where glasses

5. Make the reader 18

6. Make the reader to scared to fight back

7. DON'T MAKE THE READER HAVE A DIRTY MIND!!!!

13. Maybe add some of your own pictures or other pictures **14. NO ONE SHOTS!!!!!!!** 😣😣😣😹 those are the deal breaker for me.

15. It can be Yandere Slendytubbies x reader and Yandere Slendytubbies x shy reader(those are the ones that interests me) **16. MAKE THE READER INNOCENT AND ADORABLE!!!!!**

17. You can make the reader have secret magical powers (the reader chooses what power they want) 18. Make it romantic and full of love and secret crushes. (Don't make the characters confess their love to soon)(make them also hide there love for their crush) 19. Make the reader run away when feeling useless and afraid.

20. Make the reader immune to the Infected Custard (so there could be a possible cure) 21. If the reader is a Teleytubby let the person choose their own antenna (like I have heart) **22. Be creative!!!!!!**
